

COMPANY PROFILE

OpXica Industries manufactures microscopes, laboratory instruments, and scientific glassware. We specialize in 200+ microscope models for education, research, healthcare, and industry.

2026

INTRODUCTION

Opxica Industries is a leading manufacturer of microscopes, laboratory instruments, and scientific glassware in India. We specialize in designing and manufacturing high-quality scientific equipment for educational institutions, research laboratories, healthcare facilities, and industrial applications. With a strong focus on innovation and precision, we deliver reliable solutions that meet the evolving needs of the scientific community.

Our product range includes more than 200 types of microscopes along with a comprehensive selection of laboratory equipment and glassware. Every product is manufactured with strict quality standards to ensure accuracy, durability, and long-term performance. At Opxica Industries, we are committed to advancing science through precision-engineered instruments and exceptional customer support.

FOUNDER'S MESSAGE

Opxica Industries is a leading manufacturer of microscopes, laboratory instruments, and scientific glassware. We serve educational institutions, research centers, hospitals, and industrial laboratories with precision-engineered products designed for accuracy, reliability, and long-term performance. Our commitment to quality and innovation enables us to deliver solutions that meet the growing demands of modern scientific and laboratory applications across diverse sectors.

With expertise in more than 200 types of microscopes and a comprehensive range of laboratory equipment, Opxica Industries continues to advance scientific discovery through dependable technology. Our skilled team focuses on continuous improvement, strict quality control, and customer satisfaction, ensuring that every product provides exceptional value, durability, and performance for professional laboratory environments worldwide.

OUR VISION

Vision 01

To become a globally trusted manufacturer of microscopes, laboratory instruments, and scientific glassware by delivering innovative, high-quality, and precision-engineered solutions that support education, research, healthcare, and industrial advancement.

Vision 02

To empower scientific discovery through reliable technology, continuous innovation, and customer-focused manufacturing while maintaining the highest standards of quality, performance, and service across national and international markets.

OUR MISSION

MISSION 01

At OpXica Industries, our mission is to provide high-quality microscopes, laboratory instruments, and scientific glassware for education, research, healthcare, and industry. Through innovation, precision engineering, and quality standards, we deliver reliable scientific solutions that enhance learning, discovery, and technological advancement while ensuring customer satisfaction and long-term value.

MISSION 02

We strive to advance scientific innovation through continuous improvement, modern manufacturing practices, and strict quality control standards. By focusing on customer satisfaction, technological excellence, and dependable service, OpXica Industries aims to build lasting partnerships and provide solutions that contribute to scientific progress and discovery.

OUR SERVICE

COMPANY

OpXica Industries provides comprehensive solutions in microscopes, laboratory instruments, and scientific glassware for educational institutions, research centers, hospitals, and industrial laboratories. Our products are designed to deliver precision, reliability, and performance, helping customers achieve accurate results while supporting innovation, learning, and scientific advancement across diverse applications.

INDIVIDUAL

We understand that every laboratory has unique requirements. OpXica Industries offers customized solutions, expert guidance, and dedicated support to help customers select the right equipment for their specific needs. Our commitment to quality, affordability, and customer satisfaction ensures dependable performance and long-term value for every user.

OUR MAJOR PROJECTS & APPLICATIONS

EDUCATIONAL INSTITUTIONS

Opxica Industries supplies microscopes and laboratory equipment to schools, colleges, universities, and training institutes. Our products support practical learning, scientific research, and laboratory education by providing accurate, durable, and user-friendly solutions for students, educators, and academic professionals.

RESEARCH & DIAGNOSTIC LABORATORIES

We provide advanced microscopy and laboratory solutions for research centers, diagnostic laboratories, and scientific organizations. Our precision-engineered instruments help researchers and laboratory professionals achieve reliable observations, accurate analysis, and consistent results across a wide range of applications.

HEALTHCARE & INDUSTRIAL SECTORS

Opxica Industries serves hospitals, healthcare institutions, pharmaceutical companies, and industrial laboratories with high-performance scientific equipment. Our commitment to quality, innovation, and dependable service enables organizations to enhance productivity, maintain accuracy, and support critical scientific operations.

GET IN TOUCH

Thank you for your interest in Opxica Industries. We specialize in microscopes, laboratory instruments, and scientific glassware, providing reliable solutions for educational, research, healthcare, and industrial laboratories. We look forward to supporting your scientific and laboratory requirements with quality products and dedicated service.
